# Untreated Prevalence

■ Untreated Prevalence  
■ Treated Annually

# Substance Abuse Treatment Expenditures

## 5 Strategies

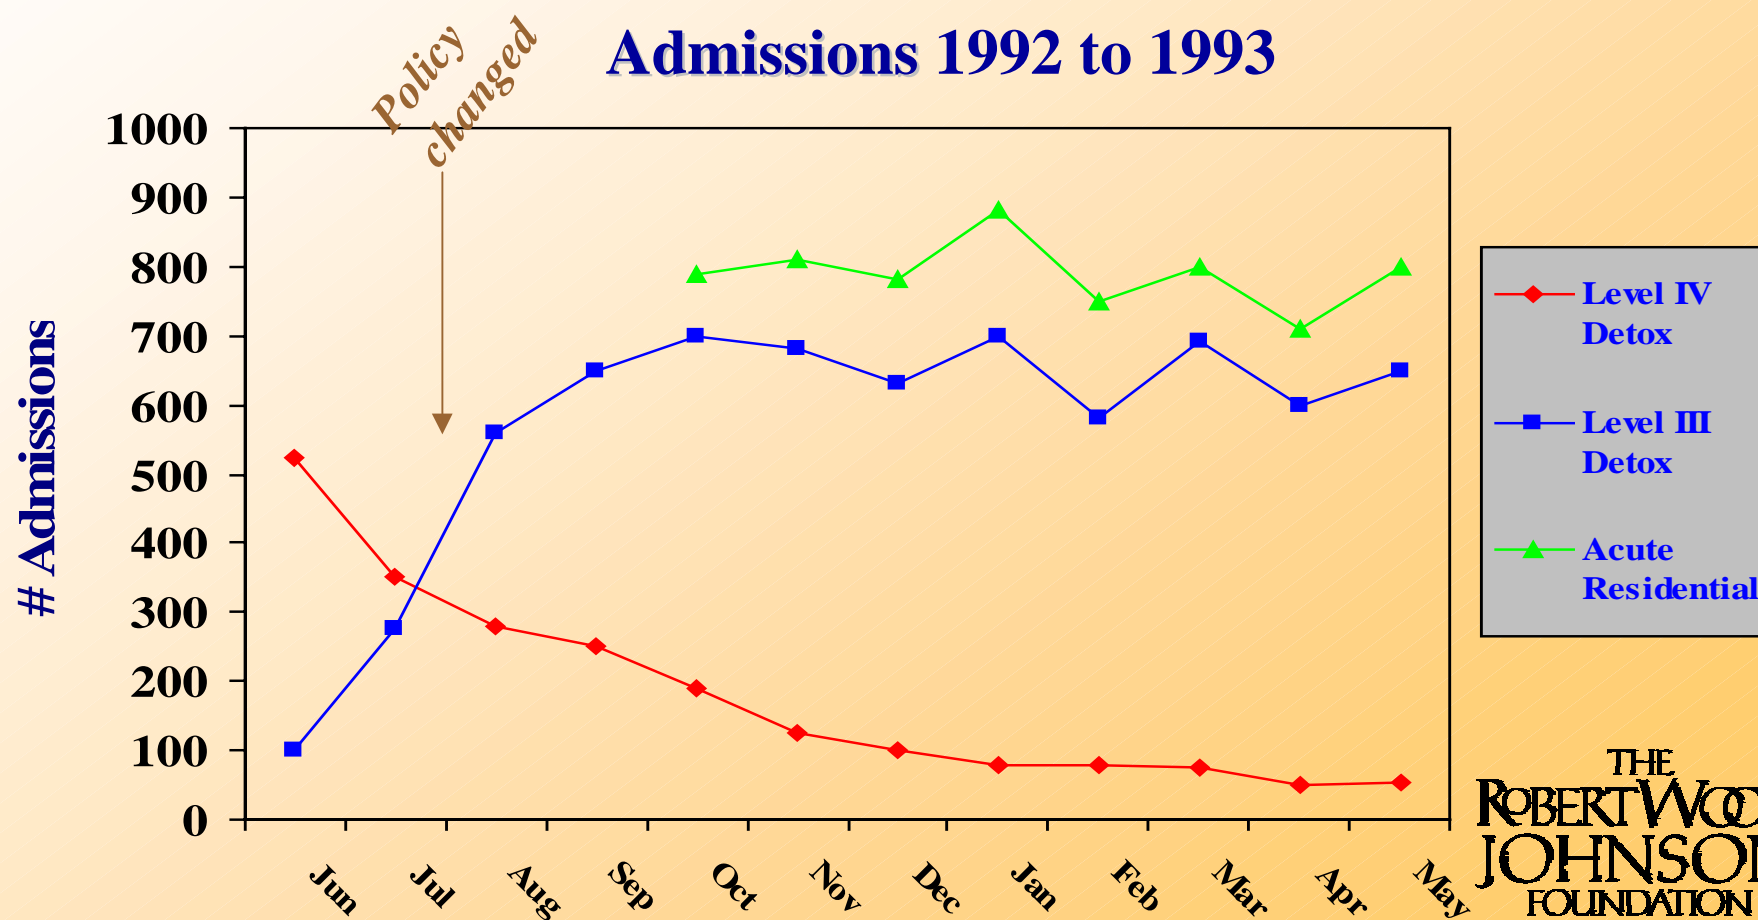

- **Diversion - Massachusetts**
- **Expand entitlement - Oregon**
- **Coordinate block grant and Medicaid - Iowa**
- **Use SCHIP and EPSDT**
- **SSI eligibility - Washington**

# Outcomes

## Diversion - Massachusetts

### Admissions 1992 to 1993

THE  
ROBERT WOOD  
JOHNSON  
FOUNDATION

# Outcomes

## Coordinate Medicaid & Block Grant - Iowa

- Access to services doubled
- Direct care expenditures decreased from \$8.6 to \$4.2 million
- Utilization increased between 2- and 5-fold

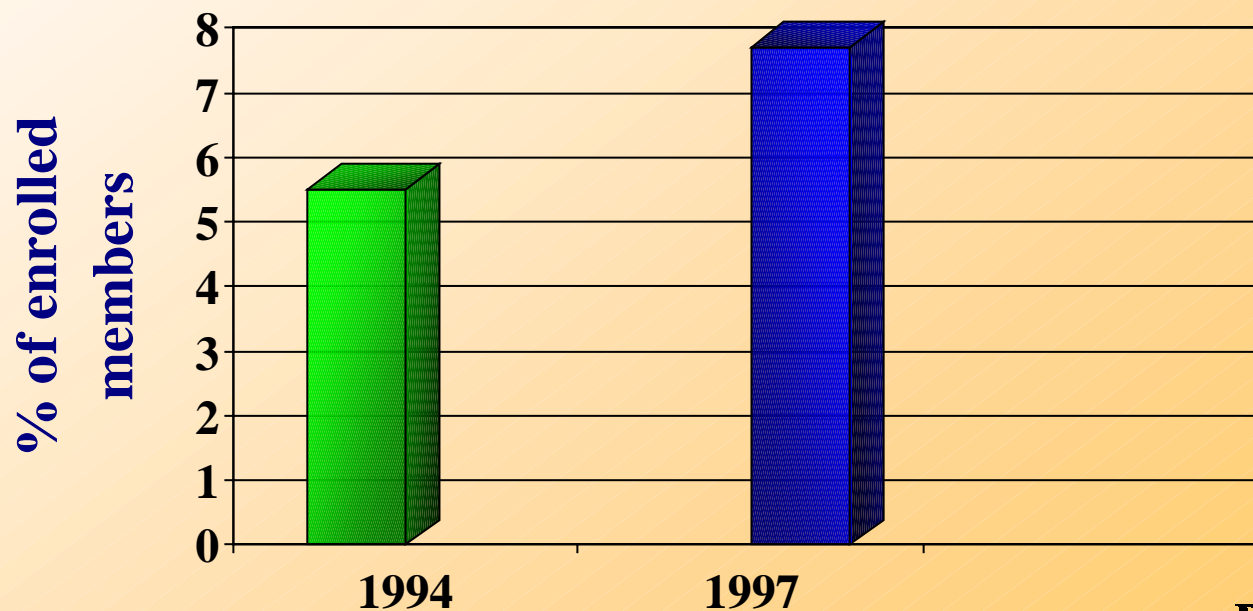

# Outcomes

## Expand Entitlement- Oregon

### Access to Substance Abuse Treatment

# Outcomes

## SSI Eligibility - Washington

- **Monthly admissions increased 22%**
- **Decrease of \$540 per person per month in average monthly medical costs (Medicaid)**

# RWJF Program

- **Detail models**
- **Policy academy**
- **Grants for analysis**
- **Peer TA**
- **Evaluation**

# The Lessons

- **Strong relationship between Medicaid and SSA**
- **Broad perspective on health that incorporates SA Tx**
- **Active providers and consumer constituency**
- **Leadership/Leadership/Leadership**

# Questions for California

- **Do you know what addiction related medical services are paid by Medicaid? In what settings? At what cost?**
- **Do you know the # of children <18 who use substance abuse services? Covered by EPSDT? SCHIP?**
- **How many Prop 36 beneficiaries would also qualify for MH or medical disability?**
- **Are the purchasing standards for Block Grant and Medicaid the same for the same services?**
